# MAX ZORN 2021 COLLECTION

# ABOUT MAX ZORN

With a surgeon's scalpel for a brush, Amsterdam artist Max Zorn uses ordinary brown packing tape as his medium and a scalpel as a brush. His ability to shape layers upon layers of tape on acrylic glass that, when illuminated from behind reveal contrasts and warmth, is simply unique. With his unmistakable way to compose cinematic settings, Zorn pulls the spectator into his motifs and encourages his audience to continue his story. In an impressively short timeline, Zorn continues to evolve his art into even more incredible detail and depth while gaining an international resume spanning sold out exhibitions from Hong Kong to Miami.

## TAPE ART LONGEVITY

Max Zorn's tape art is created with high quality material and durability that lasts a lifetime. A finished artwork is sealed air tight to prevent exposure to CO2 and humidity. Every artwork is framed with UV-resistant acrylic glass, encasing the layers of tape between two pieces of acrylic glass. Framing is with LED lighting -- a low-voltage system with a long life expectancy of 50,000 hours and does not overheat. Every artwork sold includes a certificate of authenticity and artist signature.
